

The Italian Consiglio Nazionale delle Ricerche (CNR) has recently opened new junior research positions in the area of Optics, Photonics, Atomic and Quantum Technologies (see enclosed file). These are permanent CNR positions and the winners have the possibility to choose the section of the CNR Institute in Italy where to carry on their research activity. According to this call the possible places are: Firenze, Sesto Fiorentino (FI), Milano, Pozzuoli, Lecce, Pisa, Trento, Padova.

The deadline for the application is August 1st 2016.
